THE

OFFICIAL INDEX

TO

OCTOBER—DECEMBER

MAR 3 1 1950

1949

LONDON

PRINTED AND PUBLISHED BY THE TIMES PUBLISHING COMPANY, LIMITED, PRINTING HOUSE SQUARE, E.C.4, ENGLAND.

The Index is compiled from the final edition of THE TIMES. Subscribers to the Index are advised to order this edition for filing purposes.

Provision is made for the possible issue of eight editions of THE TIMES, and these are identified by reference to the stars in the top left-hand corners of the front and back pages. Thus **** on the front page and *** on the back denote the first edition, each subsequent edition having a star removed.

Matter appearing in the early editions, but not in the final issue, is indexed from the last edition in which it appeared. Thus, if 4* is shown after the page reference this indicates that the matter appeared in the edition with one star on the front page and three on the back, and possibly in the editions preceding it. The position of news may change when fresh material is added; if, therefore, the final edition is not filed some search may be necessary for these changes of x 52 149

L8414-

In each entry the first numeral indicates the day of the month and the second the page. The letter in italic type indicates the column of the page: for reference purposes the columns of each page are supposed to be lettered from left to right a, b, c, d, e, f, g. Thus NOV. 23, 5c denotes the issue of NOVEMBER 23, page 5 and column 3.
